BARRIER PLASTICS
SPECIALTY PACKAGING FOR SPECIALTY PRODUCTS

October 14, 2013

We confirm that the following product(s) fulfills the requirements on materials used for articles or components intended to come in contact with food as described in the following national regulations:

European Community (EC): EC Directive 2002/72/EC for articles in contact with foodstuffs.

Federal Drug Administration (FDA): 21 CFR 177; the List of "Indirect" Food Additives used in food contact substances.

Products: Baritainers® and Baritainer® tamper evident closures.

Migration Limits: Used monomers and additives (incl. Colorants) are not regulated with specific migration limits. Substances authorized as food additives are NOT present in the end product in such quantities that migration to foodstuffs could exceed the limits set in the relevant food legislation or have a technical function in the final food.

Regards,

Kevin J. Callahan
